Learning with Cochrane: What is new & what is coming up

Chris Champion

Dario Sambunjak

Chris Watts

Oliver Willis

Membership, Learning and Support Services

Cochrane Central Executive Team

Introductions and today's session

- The scope of learning in Cochrane
- Online learning with Cochrane
- Plans for the future

Scope of learning in Cochrane

- Learning & training settings
 - Local training events organized by Centres & Review Groups
 - Online learning facilitated by the MLSS
 - Workshops at the Cochrane Colloquia
 - Informal learning and training (review author teams, mentoring)

Plans for the future

- Training Support Programme
- New online learning modules
- Personalised learning profiles
- Mentoring

Training Support Programme

- Detailed programme of support for trainers running 2019 / 2020
- Train the Trainer event at Santiago Colloquium *and beyond...*
- Updated support materials for training delivery
- Workshop log and evaluation
- Review of Trainers' Network and access to peer / expert support

New online learning modules

- Consumer learning suite
- Synthesis without meta-analysis
- Equity
- Reviews of prognosis studies
- Introduction to Knowledge Translation

Eleni's EBM journey

“
Hello - I'm Eleni. This is the story of how I learned all about evidence-based medicine and became a real enthusiast. Now I know the way, I hope I can make it easier for you.
”

Read about how Eleni began her evidence based medicine journey.

My story...

> Skip story

Section 1: What is evidence-based medicine (EBM)?

Basics of EBM

The 5-step process

A brief historical overview

Section 2: Why EBM matters

Better and safer healthcare

Empowering patients

Archiebald Cochrane (1909-1988): The father of evidence-based medicine

There's one particular person in history of EBM that we'd like you to learn more about. It's the person after whom Cochrane collaboration was named.

Use the **arrow** buttons below to move through the story

Archiebald (Archie) Cochrane was born in Scotland in 1909, studied Natural Sciences at Cambridge University and medicine in Vienna, Leiden and University College Hospital, London. Having enlisted during World War II, which interrupted his studies; he was captured by the Germans and became a prisoner of war. Because he spoke some German, he was made both medical officer for the POWs and a negotiator.

Personalised learning profiles

Trusted evidence.
Informed decisions.
Better health.

Online Modules

Module	Status	Date
Gomo Module 1	Launched	10 Feb 2019
Gomo Module 2	Launched	10 Feb 2019

CIL Modules

CIL Module 1	Passed	10 Feb 2019
--------------	--------	-------------

Workshops

Module	Status	Date
Workshops Module 1	Passed	10 Feb 2019

Webinars

Module	Status	Date
Webinars Module 1	Passed	10 Feb 2019

Mentoring

- Pilot KT Mentoring programme
- 6 month programme running 2019
- Support for delivering KT projects
- Virtual mentoring
- Evaluate and explore other opportunities

Thanks for taking part

- **We value your input:**
 - we'll be sending email with a link to evaluation form
- **Ongoing support:**
 - Tweet us @cochranetrain, #cochranelearninglive
 - or send an e-mail to training@cochrane.org
- **Coming events:**
 - training.cochrane.org/cochrane-learning-live
